It is hereby confirmed that the course has been measured by an A- or B certified international certified course measurer from Norwegian Athletics. The course is measured in accordance with AIMS and Norwegian athletics regulations, and the distance(s) has the minimum reported length(s). The survey is valid for 5 years, except if the route is changed.

Norwegian Championship
Half Marathon - 21 km
Skien, Norway
21.May 2023

| CALIBRATION COURSE AND PROCEDURE |  |
| :--- | :--- |
| Length of measuring tape (steel measuring tape only) | 50 m |
| Length of calibration course 1st measurement | $300,00 \mathrm{~m}$ |
| Length of calibration course 2nd measurement | $300,00 \mathrm{~m}$ |
| Possible 3rd measure (max. 1 cm diff per 100m 1 ${ }^{\text {st }}$ and 2 ${ }^{\text {nd }}$ ) | No |
| Average of measurements before adjustments | $300,00 \mathrm{~m}$ |
| Temperature (road or measuring tape) | 15 degree |
| Adjustment cf. D-(D*(1+(temp-20)*0,0000115) | $-0,017 \mathrm{~m}$ |
| Measured calibration distance after adjustment | $300,003 \mathrm{~m} \mathrm{(+2} \mathrm{~cm} \mathrm{on} \mathrm{ground)}$ |
| Distance from start/finish to calibration distance | 250 m |

CALIBRATION INFORMATION - (max 8 counts difference of 1000 m between 4 measurements, ie 2 counts of 300 m and 3 count of 400 m )

## Norwegian Championship

Half Marathon - 21 km
Skien, Norway
21.May 2023

| MEASUREMENT PROCEDURE |  |  |
| :---: | :---: | :---: |
| Measurement constant | 11565 |  |
| Measured Distance | Counter | Description of place |
| Pre measurement performed 23.April to define lenght of closed loop and start line - ref last page |  |  |
|  | 34000 | Precalculated startline $=13,5 \mathrm{~m}$ from light pole |
| 142,6 | 35649 | Precalculated startline 10 km |
| 4522,9 | 87956 | Finish line |
|  | 88000 | Start from finish line |
| 5477,0 | 151342 | 1 closed loop back to finish line |
| 10.142,5 m |  | Total measured without adjustments |
| $2 \times 5477$ m | 88000-151342 | 2 additional rounds closed loop |
| + 2,5 | Steel tape | Adjusted start line 13,5-2,5=11,0 m from light pole |
| 10.956,5 m |  | Total measured adjustments |
| 21.099,0 m |  | Total measured course |

## CONCLUSION OF MEASUREMENT

1. General information about race course and start/finish

- The course concist of a closed loop of $4 \times 5477$ m, where 1st round is shorter
- Pre measurement including calibration, cycling and post calibration performed 23.April to define lenght of closed loop and distance to start line
- Final measurement with pre- and post calibration performed 7.May

2. Measurement of calibration course

- Nedre Hjellegate, 250 m from finish, straight/flat asphalt road
- Measured in accordance with procedure, 3 persons
- Fixed mark at both ends, adjusted for temperature and adjusted +2 cm on ground

3. Calibration of bicycle

- Calibrated in accordance with procedure, 4 measures, devation 1 count ok

4. Measurement of the course

- Started from precalculated start to finish, and then 1 closed loop

5. Post calibration of bicycle

- Same procedure, 4 measures, devation 1 count ok

6. Course adjustments

- Startline is adjusted by $2,5 \mathrm{~m}$ and is now $11,0 \mathrm{~m}$ from light pole, measured in opposite direction of running direction. Orange mark on pole, ref picture attached.

7. Overall length of the course

- The course is not shorter than half marathon

8. Additional info

- The organizer will set up fences and guards along the course on north side of Hjellevannet
- The road shall be used in Hjellegaten, not the sidewalk. Fences will be set up.
- The rest of the course is mainly on cycle path and shortest route can be used
- Due to construction work on the south side of Hjellevannet during time of measure, a distance of 400 m where re-measured (controlled) on 18.May (construction work finished on 16.May). No adjustments to course length required.

21.May 2023

## South side of Hjellevannet, 400 m cycle path, construction work

1. 7.May - Measurement performed on 400 m firm gravel road, running in parallell with final course, due to ongoing construction work - ref picture 1
2. 18.May - Final control measurement done, after construction work were finished 2 days before - ref picture 2
3. No changes to measured course length required

Picture 1 - Construction work

Fence / barrier shall be set up along left side of cycle path

Picture 2 - After completed work on cycle path
